

## Zeroline Protect

Product no.	672
Description	A special polish concentrate for Zero Wastewater Emission system.
Special features	The special polymer in the product acts as a cosmetic for painted surfaces, filling surface scratches by attaching to surface pores and sealing the wax structure. The product also contains a photocatalyst that protects surfaces against UV radiation from the sun.
Instructions for use	The supplier provides separate adjustment and dosing instructions. For use only in conjunction with other Zeroline products.
Note!	Read the instructions for safe use on the label or in the Safety Data Sheet. Store sealed at +5...+30 °C.
Working environment	Ensure adequate ventilation. The product is easily biodegradable and meets the Ecolabelling requirements.
Technical data	Form and colour violet liquid pH-value (+20 °C) 3 Relative density 1,01
Content	Cationic surfactants < 5 % Polydimethylsiloxane < 3 %
Package	10 L, 25 L, 200 L. Empty and rinsed packaging shall be delivered to plastic collection.
Other information	Made in Finland.
